## NATIONAL DISABILITY VOTER REGISTRATION WEEK

## LET'S RECAP!

Disability Organizing (DO) Network joined the [National REV UP \(Register! Educate! Vote! Use your Power!\) Campaign](#) for 2019 National Disability Voter Registration Week. We launched a non-partisan, statewide, community organizing effort to highlight organizations that are increasing voter accessibility, registration, & engagement. Organizations joined as partners and organized in person or online to amplify the importance and power of CA's Disability voting bloc - #DisabilityVoteCA

Activities included voting machine accessibility user testing; voter registration drives; voting rights advocacy classes, writing op eds, hosting local Voting Accessibility Advisory Committee meetings and more.
